

Romeo

Garden

Romeo, our highest quality 30 mm grass is specially designed for a premium garden and prepared for high traffic. It stands out for its high drainage capacity thanks to its **Hydroback** backing made of white mesh and transparent latex that **drains five times more** than a conventional drainage product.

It has MaxRecover and BodyShape technologies in its fibres with C-shaped and Diamond section that make the product have a superior recovery, and with the Look&Feel technology it mixes types of fibres, colours and heights to achieve the total naturalness of the product.

In addition, the technology added to its LongLife fibers gives this model a guaranteed superior durability.
